

CAR / TRUCK > CAR / TRUCK - IMPACT WRENCHES

**SCREWDRIVER MILWAUKEE M18
FUEL DA 1/2 F**Code: **MUT02AAXX0037**

M18 FUEL™ Impact wrench with ONE-KEY™ technology capable of supplying 1627 Nm of tightening torque with a compact size (only 213 mm long). System with 4 modes DRIVE CONTROL™ that allows you to choose between four different speed and torque settings, for maximum flexibility in different applications. Fourth mode for maximum torque and unmatched control of bolt removal. Able to repeat applications with extreme torque precision. ONE-KEY™ technology allows you to customize the tool according to the application to be performed, resulting in higher productivity and better results. With ONE-KEY™ technology you can remotely monitor your inventory tools, always know where they are and prevent tampering. 1/2" square connection with friction ring. Works with all Milwaukee® M18™ batteries
