**CTEK MXS 10**Code: **MAA02XXXX0069**

MXS 10 is ideal for those who have a small workshop at home and for charging different types of vehicles, from campers to cars to boats. MXS 10 is equipped with a sensor that optimizes charging based on the ambient temperature and a special function that allows it to be used as a power supply to replace the battery of your vehicle or camper. The MXS 10 battery charger is also indicated for recharging and reconditioning the batteries of industrial vehicles up to 200Ah, as well as for all cars equipped with a Start & Stop system.
