

CAR / TRUCK &gt; CAR / TRUCK - MATERIAL FOR THE MOUNTING AND DISMOUNTING WHEELS

**CHECKPOINT ORIGINAL**Code: **MBU05XXXX0011**

The range of Checkpoint products gives users improved visibility of nut loosening. It also prevents safety critical issues such as loose vehicle heels or structural weaknesses where nuts have been used as core to the design. Checkpoint products are applicable in all the areas where nuts are critical to safety and structural integrity, particularly if subjected to harsh environments.
