## RATCHET A GUN SYSTEM 6 TOPRA 2K

Code: **MUT01VXXX0027**

- Ball detent for secure locking of all the blades combined.
- Ergonomic handle.
- Axial transmission of force without overturning torque. Max. Applicable power thanks to the hard areas and soft adattabili hand.
- The ratchet has a fine toothing with 72 teeth which allows the angles of activation of 5 °.
- It enables precise work even in tight spaces.
- Screwing fast and powerful even for large screws such as M8 and M10. SYSTEM 6 combined with the blades can move all the screws up to M10.

**TOSI SNC**
