**COMFORT CIGARETTE LIGHTER
ADAPTER - 56-573**Code: **MAA02XXXX0014**

The connectors "COMFORT" are the most important accessory for a CTEK charger, as they allow quick access to the functions of the charger without having to necessarily reach the battery poles. After a first installation, however, very simple, your CTEK will be connected to the vehicle battery in a few seconds when needed. It can be used with all CTEK chargers (6, 12 and 24V) with connector "COMFORT". Ideal for those who do not have access to a cigarette lighter socket 12V (used for GPS navigators, mobile phones, etc).
