TERMINALE M6 D.6,4 MM - 56-260Code: **MAA02XXXX0064**

The "COMFORT" connectors are the most important accessory for a CTEK charger, as they allow quick access to the charging functions without having to reach the poles of the battery. After an initial installation, however very simple, your CTEK will be connected to the vehicle battery in a few seconds when necessary.

It can be used with all chargers CTEK (6, 12 and 24V) equipped with connector "COMFORT".
