PORTABLE TENK FOR WASHING PARTS

Code: **vasca_portatile**

It's small and portable, it works with ecological water-based detergents so it's healthier than solvent-based tanks.

In addition to a first stainless steel mesh filter it has a second 25/50 micron polypropylene sock filter, for optimal filtration of the cleaning liquid.

Power supply: 230 Vac, 50Hz

Tank capacity: 12 liters

Dimensions (L x W x H): 700 x 460 x 260 mm

Weight: 6.2 kg

TOSI SNC
