

CAR / TRUCK > CAR / TRUCK - STARTERS EMERGENCY (I-STARTER)

**I-STARTER 4.0**Code: **MAA02XXXX0037**

The powerful battery from 18000 mAh to Litio-Polimero (LiPo), confers to the i-STARTER 4.0 versatility and performance of use unknown to most of the starters of the previous generation, capable of starting without fatigue cars, SUV, Jeep, camper vans and commercial vehicles.

It has a USB output 5V-2A for all electronic devices with rechargeable batteries (smartphone, tablet, cameras, Go-Pro, etc) and an LED lamp with a steady light, flashing and SOS.

The Sturdy handle and generous grippers integrated into the main unit, coated in a material soft-touch anti-slip and anti-scratch, make i-STARTER 4.0 a concentrate of design and technology.
